S. A. Plywood Industry Private Limited
ISO 9001-2015 | ISO 14001-2015
OHSAS 18001-2007

GLIMPSE OF THE COMPANY

Globe Ply, a pioneer brand of S. A. Plywood Industry Pvt. Ltd. since its inception in 1979 has been serving its customers with providing the best products.

DIRECTORS

Mr. Salil Kumar Saha and Mr. Arun Kumar Saha are the Directors of the Company.

During the year 1979, both the Sahas' promoted the company namely "S. A. Plywood Industry" towards foray into the business arena in the Core Plywood Industry. Over the periods of all these years the said company engaged in the manufacturing of various Grades of Plywood ranging from BWP Grade Marine Plywood, BWR Grade Plywood, Shuttering Plywood, Fire Retardant Ply, Flush Doors, Panel Doors, Plywood Door Frames and Ceiling Tiles etc..

MISSION

Company believes in team effort to provide a positive, harmonious and ethical working environment for its employees and committed to cater to all valued clients' needs with the most effective business solutions in terms of quality, on-time delivery and best possible services.

VISION

Vision is to successfully carve a niche for the company in plywood industrial domain offering high-grade and cost-effective products to the company's clients in order to give them optimal satisfaction. A long term commitment to customer service.

Globe pledge the following commitments to the Customers:

- All our products are subject to the ISI specifications.
- Provision of Chemical Treatment Plant with VPT (Vacuum Pressure Treatment) and seasoning Kiln Plant for preventive termite & borer to improve durability on all the products.
- We prepare all the required resin to be used in manufacturing of plywood at our own Modern Chemical Plant.
- A team of qualified technical personnel are looking after the Quality Control parameters with the assistance of Government approved modern equipped testing laboratory in the factory premises, helps also in R & D of the products.
- We have also achieved the ISO certifications towards the Quality Management System of the production unit.
- Globe products has network all over India and we also do export.

All our products are best in quality per customization of market demand and customers satisfaction.

Globe Marine Plywood

ISI No - 710:2010

Apart from Marine interior works it with-stand in all weather conditions & can also be used in Interior & Furniture works.

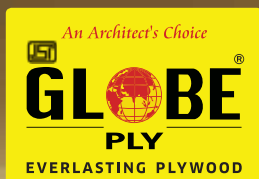

Parameters :	Marine Grade
ISI :	IS 710 : 2010
Moisture Content(%) :	5%-15%
Glue Shear Strength_Dry :	>1350N
Water Resistance Test :	72 hours boiling passed
Adhesion of Plies :	Excellent
Modulus of Elasticity [N/mm2]	
Across the Grain :	>4000
Along the Grain :	>7500
Modulus of Rapture[N/mm2]	
Across the Grain	>30
Along the Grain	>50
Tensile Strength[N/mm2] :	>85
Water Absorption :	<5%
Standard Thickness [mm] :	6,9,12,16,19 & 25
Standard Sizes[mm x mm] :	2440x1220,2440x920,2140x1220, 2140x920,1840x1220,1840x920
Special Features	
Process Compliant :	ISO 9001; ISO 14001 & OHSAS18001

TERMITE
RESISTANT

POWDER &
GHUN RESISTANT

Parameters :	BWR Grade For General Purpose
ISI :	IS 303 :1989
Moisture Content(%) :	5%-15%
Glue Shear Strength_Dry :	>1350N
Water Resistance Test :	Excellent
Adhesion of Plies :	Excellent
Modulus of Elasticity [N/mm ²]	
Across the Grain :	>2500
Along the Grain :	>5000
Modulus of Rapture[N/mm ²]	
Across the Grain	>20
Along the Grain	>40
Water Absorption :	<3%
Standard Thickness [mm] :	4,6,9,12,16,18,19 &25
Standard Sizes[mm x mm] :	2440x1220,2440x920,2140x1220, 2140x920,1840x1220,1840x920
Special Features	
Process Compliant :	ISO 9001; ISO 14001 & OHSAS18001

Globe Ply BWR/MR

ISI No - 303:1989

For Furniture, Paneling, Wardrobe, Cabinet, Partitions
etc. in Interiors

BOILING
WATER RESISTANT

TERMITE
RESISTANT

POWDER &
GHUN RESISTANT

Globe Fire Retardant Ply

ISI No - 5509:2000

For Use in Kitchen, Balconies, Stair Ways, Open Air Roof System.

Globe Decorative Ply

For Wall Paneling, Kitchen Paneling, Table Tops, Partition Walls, Cup Boards, Wardrobes, Selves, Racks, Ceiling Finish, Speaker Cabinets.

Globe Flexi Ply

For use by the Carpenters advantage as it can be easily moulded according to the desired design.

BOILING
WATER RESISTANT

TERMITE
RESISTANT

POWDER &
GHUN RESISTANT

Parameters :	Block Board BWP Grade
ISI :	IS 1659:2004
Moisture Content(%) :	5% to 15%
Water Resistance Test :	Excellent
Adhesion of Plies :	Excellent
Modulus of Elasticity [N/mm2] :	5000
Modulus of Rapture[N/mm2] :	>50
Water Absorption :	<1%
Nail Holding Strength :	>50Kg
Screw Holding Strength :	>80Kg
Standard Thickness [mm] :	19 & 25
Standard Sizes[mm x mm] :	2440x1220,2440x920,2140x1220, 2140x920,1840x1220,1840x920
Special Features	
Process Compliant :	ISO 9001; ISO 14001 & OHSAS18001

Globe Block Board/BWP

ISI No - 1659:2004

For all type of furniture in load bearing horizontal panel applications apart from Domestic Use & Office Use for Racks, Shelves, Shutters.

Globe Block Board/BWR & MR

ISI No - 1659:2004

For Partitions, Shutters, Wardrobe, Frames & Roofing etc.

Parameters :	Block Board MR Grade	Water Absorption :	<2%
ISI :	IS 1659:2004	Nail Holding Strength :	>500N
Moisture Content(%) :	5% to 15%	Screw Holding Strength :	>100Kg
Water Resistance Test :	Excellent	Standard Thickness [mm] :	19 & 25
Adhesion of Plies :	Excellent	Standard Sizes[mm x mm] :	2440x1220,2440x920,2140x1220, 2140x920,1840x1220,1840x920
Modulus of Elasticity [N/mm2] :	>4000	Special Features	
Modulus of Rapture[N/mm2] :	>40	Process Compliant :	ISO 9001; ISO 14001 & OHSAS18001

Globe Film Coated Shuttering Plywood

ISI No - 4990:1993

For use in Concrete Shuttering & Frame Work In various Civil Construction. It offers high re-usable value under careful & proper handling of materials.

Parameters :	Film Faced Shuttering	Tensile Strength[N/mm2] : >60
ISI :	IS 4990 : 1993	Water Absorption : <3%
Moisture Content(%) :	5% to 15%	Standard Thickness [mm] : 9 & 12
Glue Shear Strength_Dry :	>1350N	Standard Sizes[mm x mm] : 2440x1220
Water Resistance Test :	Excellent	Special Features
Adhesion of Plies :	Excellent	Process Compliant :
Modulus of Elasticity [N/mm2]		ISO 9001; ISO 14001 & OHSAS18001
Across the Grain :	400	
Along the Grain :	7500	
Modulus of Rapture[N/mm2]		
Across the Grain :	>30	
Along the Grain :	>50	

Flush Door

ISI No - 2202(Part-1):1999

Globe Flush Door is a premium product made from selected veneers, well seasoned wood and is bonded with PF Resin. To improve durability, chemical treatment is being given and is pressed under high pressure and temperature to make the Flush Door resistant to termite, wood borers and cyclic changes.

It is ideally suitable for both indoor & outdoor, domestic and commercial establish-

ments available in 3 types-1side decorative, both side decorative & non-decorative respectively.

It is structurally and dimensionally stable 100% BWP product available in Standard Sizes as well as Standard Thickness per end users requirement.

Technical Specifications:

- Moisture Content : 10% to 12%
- Flatness of Shutter : Not more than 1 mm
- Local Planeness : Within 0.5 mm
- Squareness of Edge Sraitness : Within 2% Limit
- Nail Holding Strength : >1000N
- Screw Holding Strength : >1250N
- Water Absorption : <1%
- Specific Gravity : 0.60
- Knife Test : Excellent
- Glue Adhesion : Excellent

Globe Panel Door

For Residential usage

Salient Features

- Chemically treated timber used
- Borer and Termite resistant
- Kiln seasoned
- Warp resistant
- Customer friendly cost
- Excellent quality

Globe Membrane Door

For interior design door with lifelong dimensional stability.

Product Features

- Interior Design Doors.
- Processed by CNC Computerized machinery for design accuracy.
- Preservative treated & steam Heated Kiln seasoned hardwood, battens for stability & durability.
- Select hardwood for stiffness & strength.
- PF resin for durability & boiling water proof properties.
- Free from Fungi, Borers, Insects & Termites.
- Life Long dimensional stability.
